

APPLICATIONS

This advanced troffer retrofit kit easily converts 2X2 fluorescent troffers to the most current LED technology. Its ultra high efficiency reduces energy costs. It is one of the LED troffer retrofits that comes completely assembled as a lensed kit, requiring only one minute to install, reducing labor costs. The retrofit kit is also 0-10V Dimmable with 5 Year Warranty. Ideal applications include: office, retail, healthcare, education and hospitality interiors.

PERFORMANCE

The VEK series uses the latest LED technology and LED driver to ensure steady performance and long lifetime.

INSTALLATION

The Troffer Retrofit Kit provides the ideal way to replace existing 2X2 recessed troffer, utilizing the existing fixture housing. The kit provides all the components needed to perform the change out quickly and efficiently, allowing for system upgrades without disturbing the ceiling. The LED troffer retrofit is completely assembled within the frame.

WARNING

The retrofit kit does not come with plenum rating. Therefore, when using the two provided rails, to cover exposed side gaps, the fixture would not be suitable for air flow.
