

COMMERCIAL LED FORWARD THROW WALL PACK

The MCLED FORWARD THROW LED WALL PACK provides robust industrial design to replace existing Metal Halide and HPS Fixtures. With an integrated thermal heat sink design, the fixture includes:

- **Compact High Lumen Output**
- **Commercially Rated Meanwell Power Supply**
- **Industrial Easy Pivot Mount Assy**
- **High Impact Prismatic Lensing**

MCLED's Wall Pack is designed to deliver high lumen output and even light distribution through a more compact efficient design. The wall pack comes in lumen outputs to replace up to a 400W building flood.

SPECIFICATION FEATURES
